## PROJECTS

---

### Personal Portfolio Website

- **Tech :** React, Tailwind CSS , Framer Motion.
- A professionally designed portfolio website highlighting personal introduction, technical skills, featured projects, and contact section with a fully responsive layout across all devices. Built using HTML, CSS, JavaScript, and Bootstrap with a clean, modern UI and smooth user interaction. Deployed and hosted live on Netlify for public access.

### Cloth Review Website

- **Tech:** React, Vite, React Router, JavaScript, CSS.
- A responsive React-based application that allows users to browse clothing products, read and submit reviews, and manage login/registration with localStorage-based authentication. Designed with a modern animated UI using gradient backgrounds, glass effects, and smooth transitions for an engaging user experience.

### Coffee Shop Website

- Tech Stack: HTML, CSS, JavaScript, Swiper.js, Font Awesome.
- Designed a fully responsive, modern coffee shop website using HTML, CSS, and JavaScript. Implemented a clean navigation menu, hero section, and interactive menu listings with hover effect.
